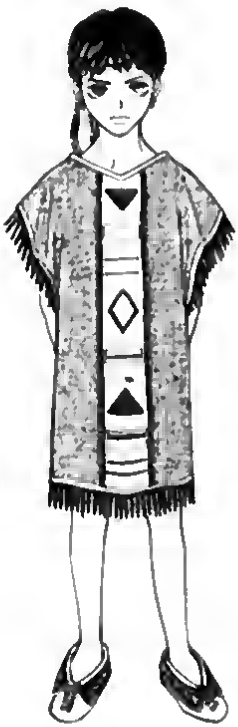
When I was young, my parents died. My family has been just my brother and me ever since.



...Don't worry. You have me.
I will be with you until you die.
We live in a small village, in the highlands.
I have lived in this village since I was born, so I know these people well
My brother is the potion maker of this village.
He makes potion out of herbs and other materials. He the sick people, and he removes the worries from t heir hearts and reads their dreams
I usually learn things from my brother at home or I learn how to play music from Juka the village musician

My brother is always wearing a soft expression
People like that expression,
But I don't know if I do.
We raised a Tarap at home
It was so cute, and my brother loved it too,
But when I didn't take care of it, it went inside his workroom and ate a poisonous plant
If we left him like that, he would have been in pain for several days and died
When my brother checked on the Tarap's condition, he broke its neck and killed it right then,
With the kind face he always has on
I don't hate my brother,
But sometimes I think that he's scary.

Let's call it quits for today, Shen
Ah... yes, Juka
You learned a lot
If you practice more, you'll be able to enjoy your own playing, even if you can't make it as a musician
Mother-
Today's dinner is-
Oh my excuse me
Ah, yes- This is my daughter, Tisam, who has been to foreign lands and has come back after many years
You might not remember her because you were young
Tisam- you remember?
He is that kid Shen who is the younger brother of potion maker Kiba
...
Potion maker...?
Did we have potion maker in our village?

What do you mean- What are you talking about?
Kiba has been the potion maker of this village since before he became an adult.
...What? I have no memories of that.
We had to bring a potion maker from other villages when we needed them before didn't we?
.....
She's had problems with her memory...
But I've never seen her before either.
Crumble
Crumble

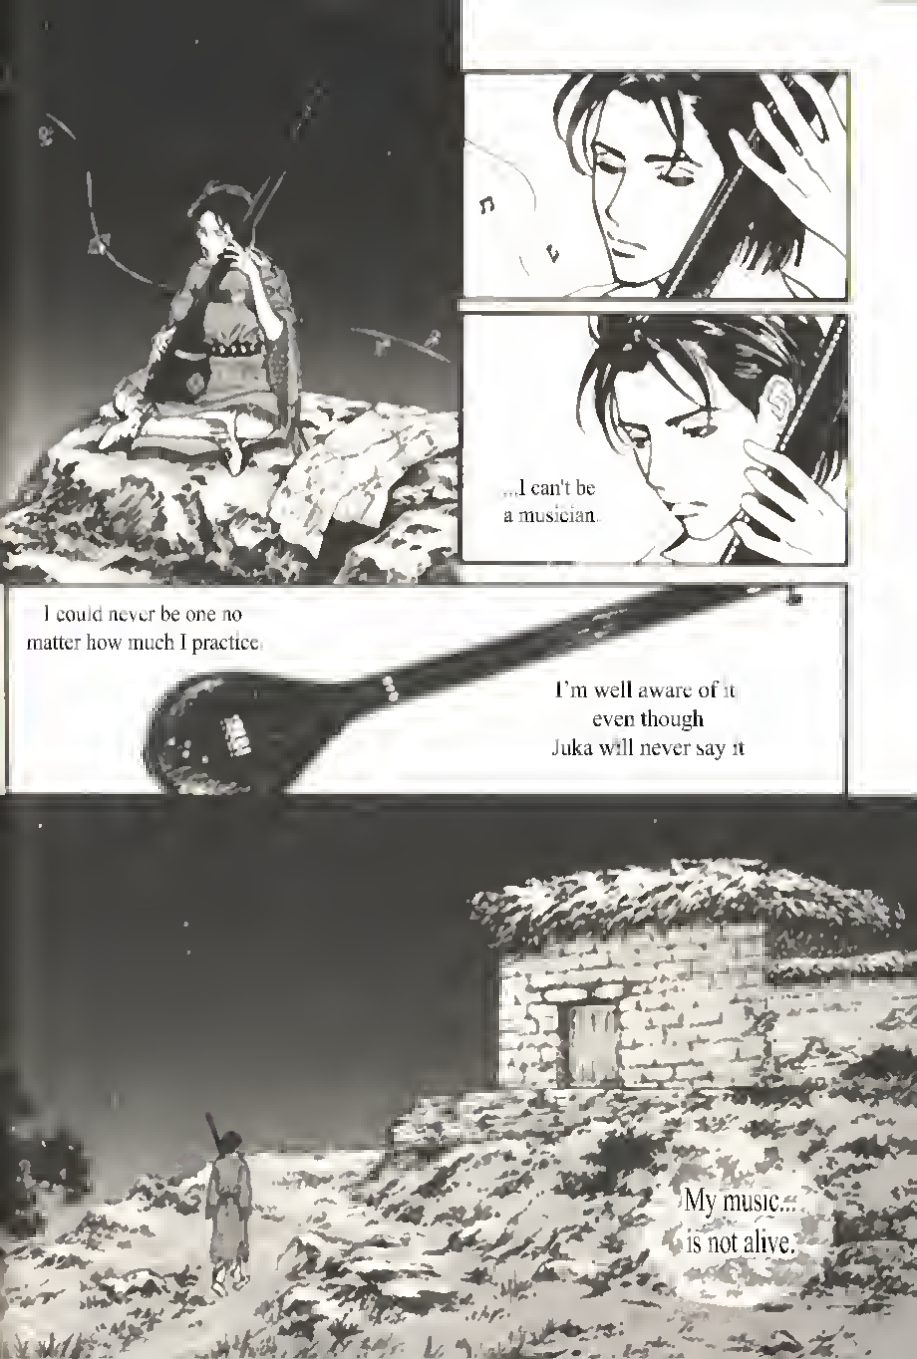
...What is this?

Crumble

I can hear... something falling down.

A little... it's falling down bit by bit...

Crumble

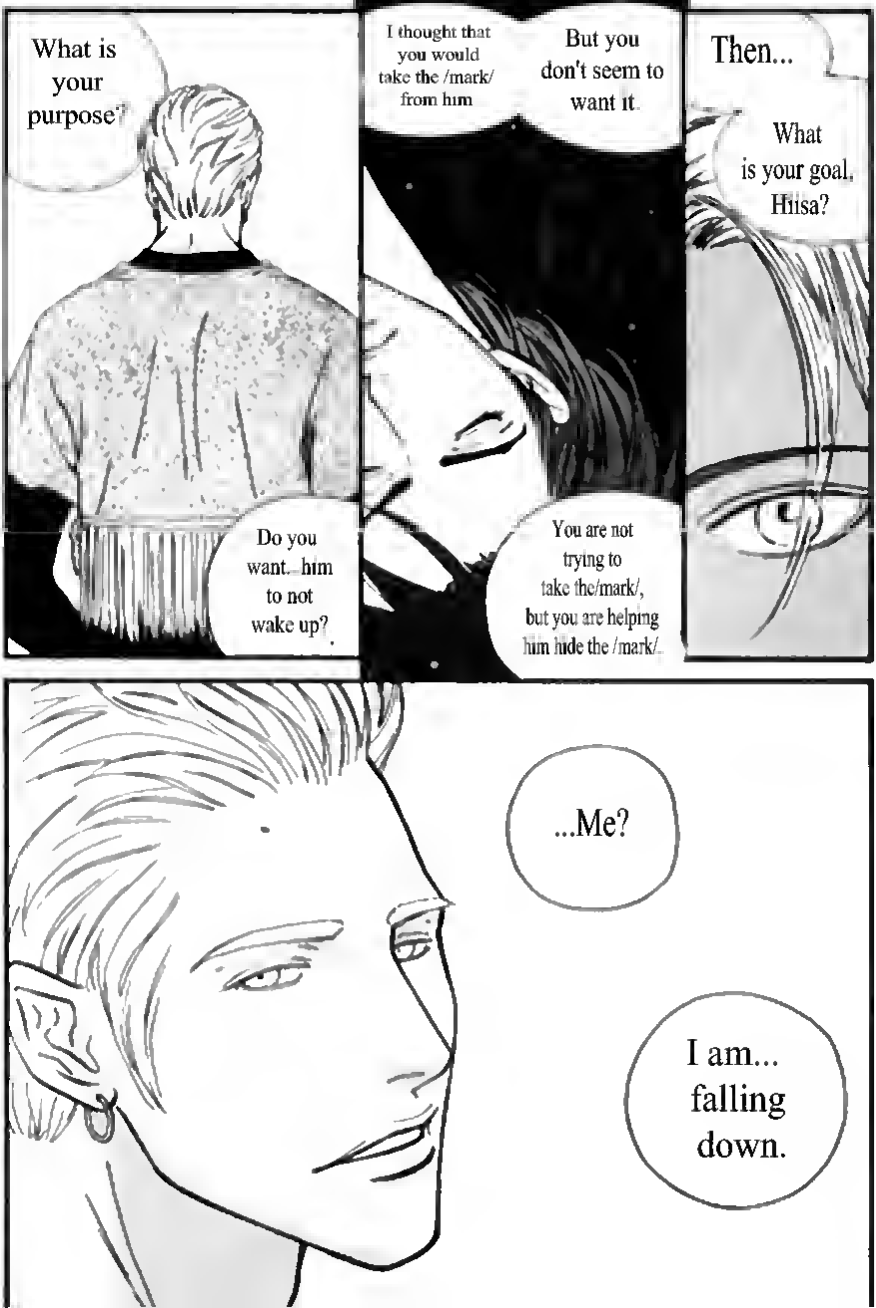


...I can't be a musician.
I could never be one no matter how much I practice.
I'm well aware of it even though Juka will never say it
My music... is not alive.

Guest
...?
I don't know...her.

You should go to your room, Shen
She is my guest.
Bow
What kind of hobby is this, Hisa? He's a boy again.
I think he is older than before, though.
I don't make them
He changes himself. I only help him by adding details.
...On his own?
Yes.
Why?
Probably to become weak
Even if he tries- there's a limit.
Weak...?
Limit...?

.....
I usually can give <perfect> memories if I have consent,
If it's a person from another world
I can't give him the memory of emotion,
But I could give him the memory of a situation, sense... something like that
It's up to him to do what he wants to do with those memories and have some kind of emotions about them
I can't touch that.
Then...
Even if I give him lots of happy memories with his father, I can't give him the love which supports them.
If he was an adult that would be difficult It would wear off quickly
.....
He knows that so he is unconsciously making himself weaker
His goal is to run away.
...Hiisa.
I ...don't know you.



What is your purpose?
Do you want him to not wake up?
I thought that you would take the /mark/ from him
But you don't seem to want it.
You are not trying to take the/mark/, but you are helping him hide the /mark/.
Then...
What is your goal, Hiisa?
...Me?
I am... falling down.

The only thing left is going downhill
Step by step...?
Slowly by resting ..?
Or rolling and falling down?
Anyway, it's already begun.
But who cares about that?
What's the difference between a downhill and an uphill?
The problem is which way I'm facing.
...Hiisa,
What is important is-

I'm going to be with him until the end
Hiisa!

It's hard...to understand you.
But I can know one thing.
You're dange-rous.
It won't help the Keeper if you're together with him
If I am dangerous-
That's because Koon is

What about the Keeper?
He is severely self destructive,
And I don't obsess about protecting myself,
So when both of us are together, we are on the path to destruction
.....
Yes,
So I can't let that happen anymore
I will take the Keeper.
But he can't swim now
I will separate him from you anyway

I'm sorry,
But I can never allow that.
I'm not trying to get your permission.

Sfx: Ting
.....
Just now...I think the house was shaking.
What happened?
.....

Sfx: Drag

Wait a moment, Shen.
I'll clean this up and make dinner.

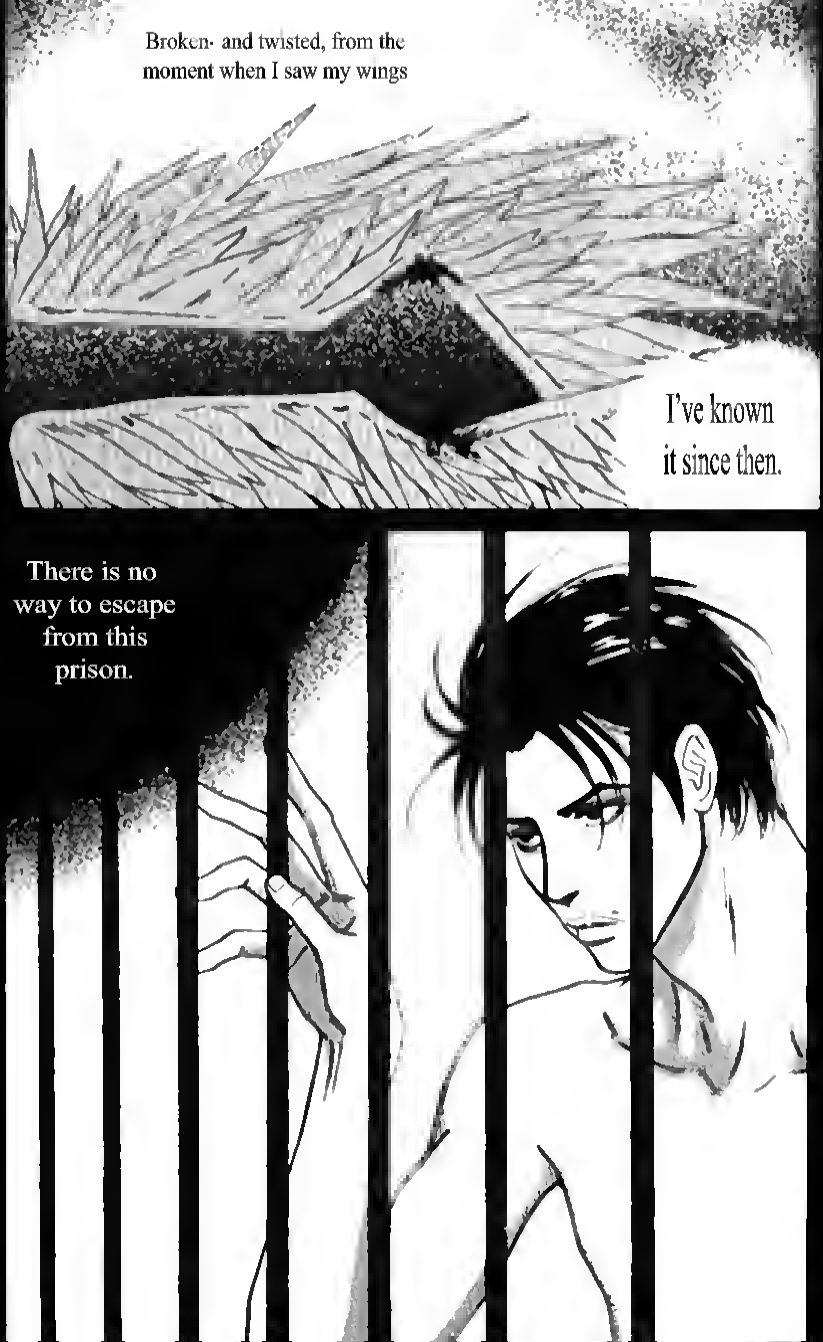
...She brought this on herself...

...This is the result of being carelessly close with a person from another world...

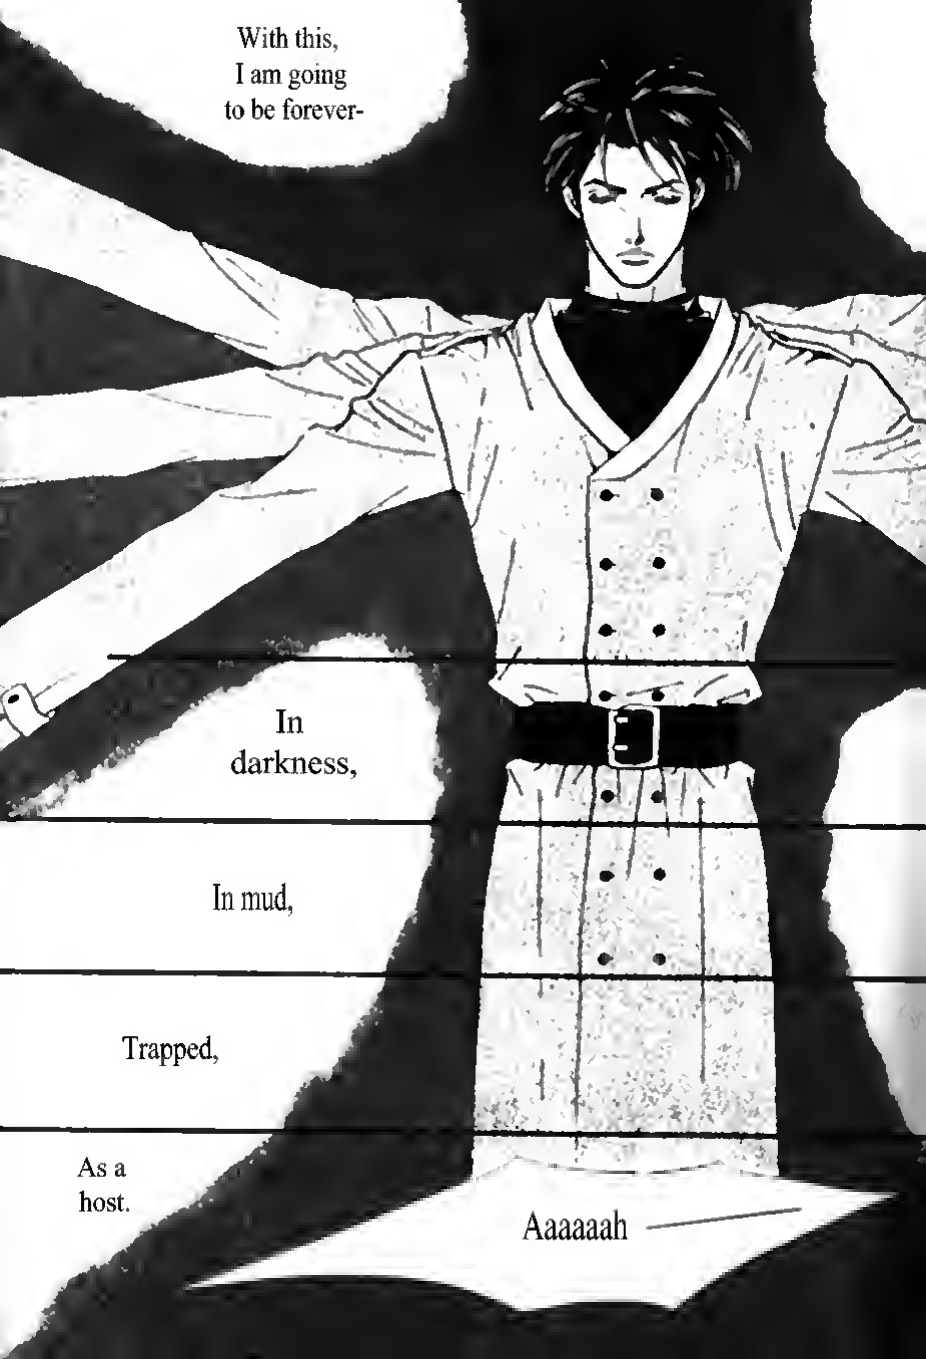
...I knew.

Outsider...!

It's someone from another world...!



Broken- and twisted, from the moment when I saw my wings
I've known it since then.
There is no way to escape from this prison.



With this,
I am going
to be forever-
In
darkness,
In mud,
Trapped,
As a
host.
Aaaaaah

Aaaaaah

Sfx
Crackle
Crackle

Sfx Crackle crackle

...Are you going to self destruct?
Not...yet.
Not yet...
...

...Hiisa.
Hiisa-
Yes...yes, Koon
You're stubborn.
You're damn stubborn.
Could you not bear it at all?
You felt crazy enough to kill yourself?

You're really not good choice for a Keeper
Well, it doesn't matter to me anyway.
Certainly ...
You came back more easily than before.
Next time, it will happen probably the same way...
Just a small reminder will bring back your memories...

.....
You grew up more than last time, did you know that?
Why is that?
Maybe you don't want to receive memories anymore
Maybe you want to choose destruction over running away
You probably couldn't answer if I ask you
They were surprised.
?
Why were they surprised?

Sanka died because she was close with a person from another world.
Why were they so surprised to see me?
Like I was somebody who they didn't expect...
...Hiisa,
Were both of you together?
Did they see you?
Who is they, and who is both of us, Koon?
You and Sanka...
Did the elders ever see you?

Ah, I thought
Yes,
They did.
The person from another world who they were talking about was not me.
Then-
Sanka died- because she was with you
It's your fault that she died.
.....
It's not exactly like that

It's not that I killed her by being seen with her
I did kill her, myself, with my own hands

...What ...?
What did the elders say, Koon?
She brought this on herself.
This death is the result of being carelessly close with a person from another world
That doesn't mean that the elders killed her because she was close with a person from another world
I killed Sanka.

Why...
Why-!

.....
I don't know.
I didn't know- that I would do something like that.
But...
It can't be helped.
I told you.
I can't let you have her.

Do you remember ...?

...Let
me go.

Let me go!
You are not your own to give away
A vow of soulmate ...?
Why were you going to do something like that, Koon?
Didn't you know?
All the mages forcefully swore a vow of soulmate with you
...
When you die, our world gets closed
If you die, we all die!
But you are betting your life on somebody small from another world?
No mage could be patient with that

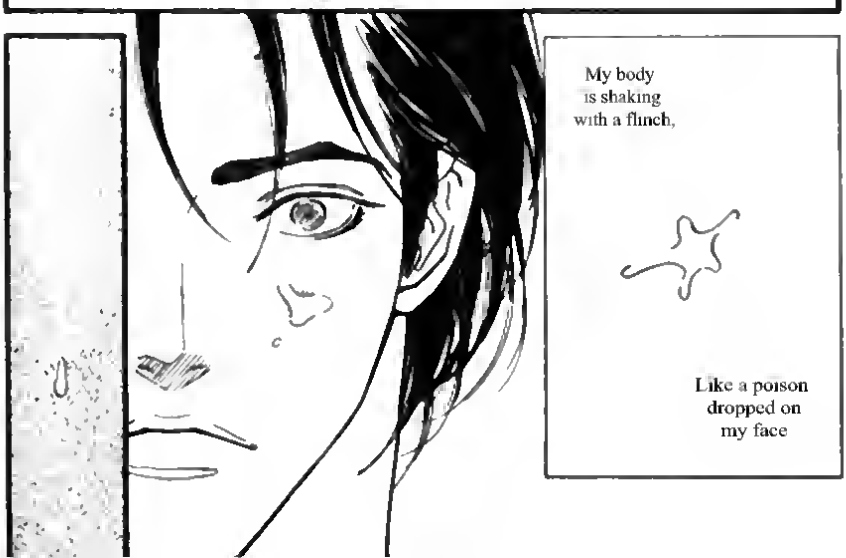
That is why- I couldn't take it!
I know! Damn it!
...I know!
Spit
!!

Sfx: Pant pant

I just said it.
It's nothing to me.
All mages-
Ember, which is like a ember of burnt fire.
What I couldn't take was-

You did...

You...



My body
is shaking
with a flinch,
Like a poison
dropped on
my face

And the place where the poison was dropped is burning hot-
I am going to die like this...
Like with fever...
Fever...
...I know that I can't have you.
The conditions weren't right,
More than anything, because of who you are as a person
You were somebody who I couldn't have
Slowly... slowly it spreads out in my body...
So...if it was like that...it would have been all right.
If you didn't belong to anybody, but were just the 'Keeper of Ember'
And it takes all my power from my body...

But that woman appeared-
And you changed.
I could clearly see that you were falling for her.
But I couldn't be certain...
How much really?
...And unfortunately, you were really stubborn...
When you start rolling downhill, it's only going to satisfy you when you roll all the way down from a very high cliff.

Guest from another world- You should stay away from him
If you don't, you will be in danger
...
Hm?
Keeper.
Do you know another name for Keeper?
And do you know what that means?
...It was easy to follow the trace of your swimming
I was always watching you
.....

Mm
Someone...
I think someone called me...?
.....

You are?
From that time...
You are foolish.
I already gave you one chance.
What do you mean?
What I mean is-

Sfx.
Crack
I really am annoyed...with your wings.
!!

I didn't think about the result.
I just wanted to kill.

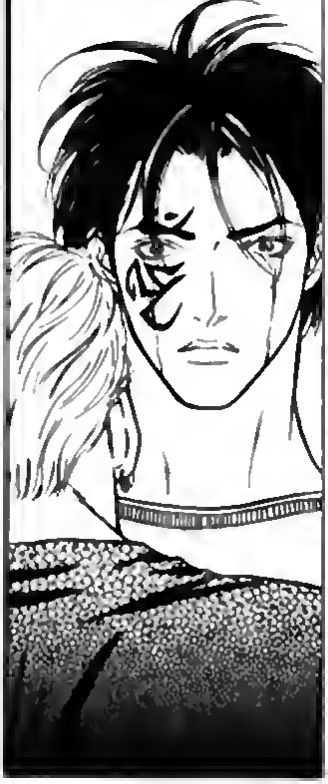
I knew that things couldn't be worse than how they are now
I am slowly rolling.
No matter how much I change it it is better to change things
I am starting to fall down,
But that is better.

..Why do you cry, Koon?
Is it so painful to listen about how she died?
.....
Please ...
Please...
I am asking you, Hiisa
Take the /mark/.
And.. please don't be a stupid closer like me.

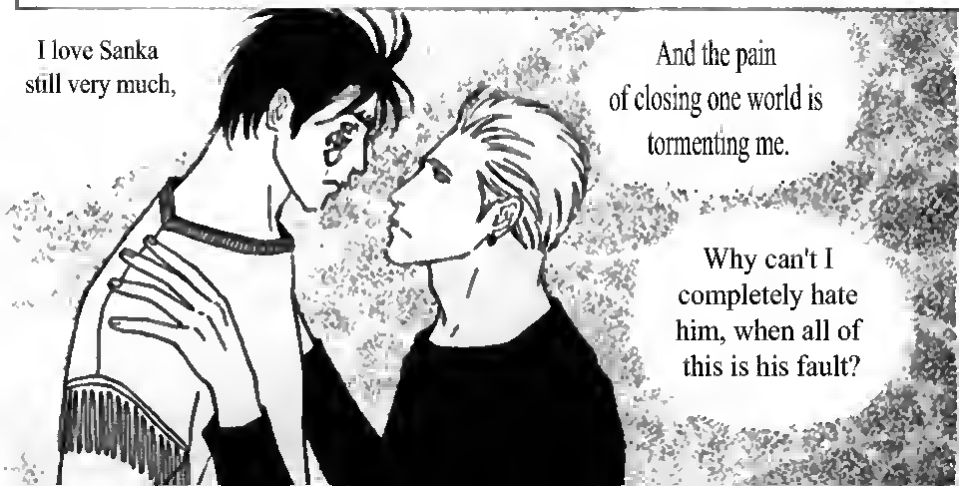
If you have to close one world...
You should have a certain reason and grounds...
Or-
If you are going to close it, do it without regret or self blame...shamelessly.
You would be a lot better than me.
.....
Grab my arm.
Grab my arm-!

One more...
One more, Koon...

Let's run away...



Why...?



I love Sanka still very much,
And the pain of closing one world is tormenting me.
Why can't I completely hate him, when all of this is his fault?

Maybe-
I am tired.
Just
tired...
